Flyers:

Map Committee (Ian and Mikey) Divides Multiple Routes builds team(s) to deliver them every week in exchange for free admission + beer.

Number of Flyer Prints will go up, but so will our coverage area.

VJ Needed ... Screen a Must, possible Projectors. We need to just start borrowing a projector and broadcasting anything we want. Craig can create program that takes sound input and does visuals based on that input. This will run on a laptop in the soundbooth, which will shoot visuals up to a projector.
